

## Who?

Anyone who is involved in children's ministry!

## What?

A foundational teacher training course to further equip you in your ministry with children.

Subjects covered:

- *"The coming generation"*
- *"What is the Gospel?"*
- *"Once upon a time"*
- *"More than a story"*
- *"Just add children"*
- *"Teachers that touch lives"*

# equip

## Why?

We have a responsibility to share God's word with clarity, accuracy and passion. This short course will help you grasp important principles for ministry among children.

## Where & How long?

In your own home! Once an individual or church group registers for the course, we will send 6 video sessions with worksheets to watch over a number of weeks. In between watching the videos, a trained CEF worker will meet together with your group on Zoom for some discussion and Q & A. This gives opportunity for fellowship together with new people, and also will strengthen your understanding of what has been covered in the video sessions. Normally the course would be finished within a month.

## How much?

No cost. Just your time and an open heart!

## Why not jump into something new?

Be better equipped to teach the children God has entrusted to you!
